

## Christopher Hopkins to Present "Understanding Adverse Possession" to Civil Engineers and Land Surveyors

02/23/18

Christopher Hopkins will present "Understanding Adverse Possession," which will address the history of adverse possession, including statutory law, case law on adverse possession, maintaining a claim for adverse possession, defending against a claim for adverse possession and practical location of boundaries.

This seminar offers 6.5 CPC credits, (including 1.0 ethics hour) to New Jersey professional engineers.

The New Jersey State Board of Professional Engineers and Land Surveyors has approved this course for 6.5 CPC credits for professional land surveyors.
