Private Equity Investment in Health Care

06/13/19

Wilentz attorneys Michael Schaff and Grace Mack, co-chairs of the Health Law group, co-authored a chapter entitled "Private Equity Investment in Health Care" published in the American Health Lawyers Association 2019 Health Law Watch. In this chapter, they provide an overview of current trends in private equity investments in the health care industry and regulatory aspects of private equity arrangements, including corporate practice of medicine prohibitions, fee-splitting restrictions, licensure laws, state insurance laws and anti-trust concerns.
