

## A Guide to Private Equity Investment in Health Care

08/16/21

This article written by Wilentz Shareholders Grace Mack and Michael Schaff takes a deep dive into the legal and practical issues that a health care entity would want to consider when weighing a potential private equity investment transaction, including business models, state law restrictions and COVID-19 considerations.

At Wilentz, Grace and Michael co-chair the firm's prominent health and corporate law practices, advising clients in joint ventures with a variety of healthcare professionals, private equity investments in healthcare, advising start-ups and established businesses on agreements, entity formation and regulatory compliance to purchases or sales and strategic transactions.

This article was originally published in the August 2021 issue of *New Jersey Lawyer*, an award-winning publication of the New Jersey State Bar Association, and is reprinted here with permission.
