

WILENTZ

—ATTORNEYS AT LAW—

WILENTZ, GOLDMAN & SPITZER, P.A.

Traffic Violations

Results achieved in prior matters are not meant to be a guarantee of success as the facts and legal circumstances vary from matter to matter.

For 100 years, Wilentz, Goldman & Spitzer, P.A., has represented the interests of individuals and corporations when confronting legal concerns. Driving a motor vehicle or permitting others to drive your motor give rise to significant considerations and consequences under New Jersey law. Whether you are facing a first minor traffic ticket as a probationary driver, are concerned about your accumulation of motor vehicle or insurance points, or are facing the very serious consequences of charges such as drunk driving, leaving the scene of an accident, reckless driving, failure to maintain liability insurance, use of a hand-held device or mobile phone while, driving while revoked, or driving while suspended, our attorneys have the experience and ability to navigate our clients through these matters. Appearing in court without experienced and prepared counsel on traffic matters can be a costly mistake. Motor vehicle histories have long-term consequences and even the accumulation of convictions for what may appear to be minor offenses may result in expensive surcharges, suspensions, insurance, and employment consequences.

Motor vehicle or traffic violations may also arise out of accidents in which liability considerations are paramount. Appearing in court without experienced counsel on such matters may cause serious personal and financial consequences that could exceed the obvious court fines and penalties.

Attorneys experienced in traffic matters are best suited to pursue all available defenses. Our attorneys are prepared to investigate and pursue all available defenses and provide you with the necessary information to afford you the ability to make an informed decision about how best to address the matter.

We believe in providing the most competent and complete representation in each matter to ensure that our client's rights are protected, and the right to a fair trial is preserved.
