

WILENTZ

—ATTORNEYS AT LAW—

WILENTZ, GOLDMAN & SPITZER, P.A.

Do you have clients with an Ozempic case to file in New Jersey?

Results achieved in prior matters are not meant to be a guarantee of success as the facts and legal circumstances vary from matter to matter.

Wilentz, Goldman & Spitzer, P.A. offers co-counsel services for New Jersey based Ozempic litigations and defendants.

It is no secret that New Jersey is home to dozens of drug and medical device manufacturers. Accordingly, state court jurisdiction is often strategically available here in New Jersey's courts, which have established a robust complex litigation regime known as Multi-County Litigations that operate similarly to a federal MDL, but are more efficient. For cases filed into New Jersey courts, partnering with experienced local co-counsel who are well-versed in New Jersey law and possess experience with similar cases is crucial.

At Wilentz, Goldman & Spitzer, P.A., we offer a comprehensive structure to litigate individual or mass tort cases effectively. A national law firm with over 100 years of experience and a track record of success, we have paid millions of dollars in fees to our co-counsel partners throughout the country. Whether you just need local counsel representation or a co-counsel arrangement, we are ideally suited to handle the complexities of New Jersey litigation efficiently and support your firm's needs. We are not the typical co-counsel; we are invested in these litigations with cases of our own. We are knowledgeable about the litigations we are involved in and we are in the courthouses. We are prepared to fully advocate for your clients through all stages of litigation, including taking your case to verdict. Contact us today to discuss how we can help.

Call or email Joshua S. Kincannon at 908-641-2991 or jkincannon@wilentz.com.
