

## Injury Attorneys in New Jersey

Wilentz Goldman & Spitzer's personal injury lawyers have represented thousands of injured people in New Jersey, New York and Pennsylvania since the firm was established over a century ago by David T. Wilentz, the legendary New Jersey Attorney General. Today, Wilentz is among the largest and most successful personal injury law practices in New Jersey. Our attorneys have won over \$2 billion in accrued recoveries for our injured clients over the years.

Results achieved in prior matters are not meant to be a guarantee of success as the facts and legal circumstances vary from matter to matter.

At Wilentz, our personal injury attorneys have the resources that are oftentimes needed to thoroughly investigate and pursue the maximum recoveries for our clients. As seasoned trial lawyers with a long track record of success in accident cases, we have handled thousands of accident injury cases for New Jersey residents, including complex wrongful death lawsuits and injury cases arising from car, bus, truck and motorcycle accidents, pedestrian accidents, slip and fall accidents, railroad accidents, ladder, machinery, construction site falls, worksite accidents and medical malpractice claims, including injuries resulting from brain, spinal and other surgeries.

If you or a loved one has been injured as a result of an accident caused by someone else's negligence, you may be entitled treatment and/or monetary recovery.
